2. Business Model: How Edulateral Operates

1. **The University MoU**: Edulateral signs a comprehensive agreement with the university (e.g. GLA University). The university pays Edulateral a multi-lakh contract fee to set up specialized infrastructure (Intel Unnati Lab, NEC CoE) and

deliver expert-led Block Teaching.

2. **The Trainer Model**: Edulateral contracts industry practitioners or specialized trainers (like Shivam Gupta) on a fixed honorarium (₹18,000 INR for 5 days) to deliver the training under the Edulateral banner.
3. **The IP Lock**: To prevent trainers from poaching clients or conducting private workshops directly with the university, Edulateral enforces strict intellectual property clauses, non-circumvention rules, and social media embargoes.
