1. Geographic & Strategic Significance (Vrindavan, Mathura)

Notice the physical location of ManasAI: **Omaxe Eternity, Chhatikara Road, Vrindaban, Mathura**!

- This is located within a 15-minute drive from **GLA University, Mathura** (Chaumuhan).
- Vrindavan serves as the research and contemplative base for exploring consciousness, meditation states, and inner wellbeing through physiological instrumentation.

2.1 Dr. Jyotiranjan Beuria (Chief Scientist & Director)

- Alumnus of **IIT Roorkee**, **Harish-Chandra Research Institute (HRI) Prayagraj**, and **IIT Mandi**.
- Theoretical physicist. Leads scientific direction across **physics-informed neural networks (PINNs)**, physical AI, reservoir computing, quantum consciousness, and integrating classical Indic knowledge systems with cognitive science.

2.2 Rajat Garg (Chief Technology Officer)

- B.Tech in Electronics & Communication Engineering from **IIT Roorkee**; M.S. in Computer Science from the **University of Minnesota**.
- Elite corporate engineering background: **Google**, **Amazon**, and **VMware**.
- Translates deep mathematical and consciousness research into deployable embedded firmware, signal processing pipelines, and AI systems.
- Coordinates the GLA University Block Teaching with Edulateral Foundation and engaged Shivam Gupta.

2.3 Akash Sharma (Marketing & Collaboration Head / Director)

- Entrepreneur and collaboration strategist. Previously founded **HabitMantra** in the health and wellness technology space.
- Manages institutional partnerships, clinical research collaborations, and research kit distribution.

3. Flagship Product: SakshiSense™ Wearable Sensing

- **Core Concept**: Research-grade wearable instrumentation providing **unfiltered raw biometric signal access** for academic and clinical research laboratories.
- **Form Factors**:
  1. **SakshiSense Ring**: Titanium-styled continuous physiological monitoring ring.
  2. **SakshiSense Wristband**: Graphite research-grade multi-sensor band.
- **Biometric Signal Streams**:
  - **PPG (Photoplethysmography)**: Raw optical pulse waveforms (heart rate, HRV, vascular stiffness).
  - **IMU (Inertial Measurement Unit)**: 6/9-axis movement, tremor, physical restlessness.
  - **EDA (Electrodermal Activity)**: Galvanic skin response, sympathetic nervous system arousal.
  - **Acoustic Context (Sound)**: Environmental audio context and speech prosody.
- **Target Applications**: Stress & anxiety modeling, attention & cognitive distraction analysis.
- **Research Partner**: **CPCSci at ISS Delhi** (Center for Positivism and Consciousness Science at the Institute for Science and Spirituality, Delhi).
