🧑‍🚀 Rajat Garg: The Central Architect & Linchpin

Email: `rajat@manasai.tech` / `rajatgarg.iitr@gmail.com`
Alma Mater: B.Tech ECE — IIT Roorkee | M.S. Computer Science — University of Minnesota
Former Employers: Google · Amazon · VMware
Current Roles:

- Chief Technology Officer @ **ManasAI Technology Private Limited** (Vrindavan, Mathura)
- Co-Founder @ **Krishnayan AI** (Pune)
- Academic & Operations Coordinator for GLA University Block Teaching @ **Edulateral Foundation**

---

1. Professional Background & Technical Archetype

Rajat Garg represents the highest caliber of Indian systems engineering:

- Graduated from **IIT Roorkee** in Electronics & Communication Engineering.
- Completed Master's in Computer Science at the **University of Minnesota** (renowned for high-performance computing, distributed systems, and data mining).
- Cut his teeth at the apex of global Big Tech: **Google**, **Amazon**, and **VMware**. At VMware and Amazon, he worked on large-scale virtualization, distributed systems, hypervisors, and cloud infrastructure.
- Athletic Discipline: Represented IIT Roorkee in the Inter-IIT Athletics Team.

---

2. Rajat's Psychological Expectations from Shivam

When Rajat forwarded Sreeja's email to Shivam with the subject "*GLA University -Block Teaching process, payment terms, T&C, presentation and Marketing From 16th Nov to 20th Nov 2026 :High Performance Computing*", he was placing immense trust in Shivam:

1. **Why Rajat Picked Shivam**:
   - Rajat knows Shivam is a hungry, high-horsepower engineer who built high-concurrency systems (SAY-IDC in Go/React), ran developer clubs (IDC), and understands real software.
   - Rajat does NOT want a theoretical academic who reads slides. He wants someone who commands the terminal, demonstrates real engineering, and inspires students.
2. **What Would Disappoint Rajat**:
   - Getting flustered by student cross-questions.
   - Reading directly off slides without drawing architecture on the whiteboard.
   - Blaming campus internet for a halted lab session.
   - Violating Edulateral's IP or social media embargoes.
3. **What Will Thrill Rajat**:
   - Shivam walking into GLA University, completely prepared with 100% offline code, stunning the students with deep silicon knowledge, handling every AI cross-question effortlessly, and receiving a glowing 5-star review from GLA Dean Prof. Ashish Sharma and Edulateral's Dilip Kumar!
